## ABOUT MCCOY

MCCOY was created in 1993 to be the youth-services intermediary organization in central Indiana. In this role, the organization serves as an **advocate, capacity-builder, convener** and **resource** for those who serve youth. We have accomplished much in the past 26 years and look forward to the future!

- As central Indiana’s most trusted champion for youth, MCCOY helps ensure that every young person has innovative opportunities to thrive, learn, engage, and contribute.
- As an advocate, MCCOY unifies individuals and organizations to promote youth voice in public policy.
- As a capacity-builder, MCCOY provides tools and trainings for youth professionals to build skills and effectively serve young people.
- As a convener, MCCOY gathers passionate community members in partnership to build solutions for youth issues.
- As a resource, MCCOY connects young people and their families to the programs they need to achieve their dreams.

With these perspectives in mind, we’re excited to publish the Youth Activity Directory (YAD) for the 24th year. A pdf is available to download on our website. For the second year we have a digital version of the YAD so that families can search for programs and resources.

We produce this resource with one key goal – to help families, youth, and caring adults find the best programs, the programs that help children and teens develop the skills, knowledge, and attributes they need to be productive and healthy.

# 2020 YOUTH ACTIVITY DIRECTORY

## *Using the Youth Activity Directory*

Whether you're a young person, a youth development professional, or a caring adult, this directory is a great resource for you. With the help of this resource, you can:

- Find youth programs and organizations that work with youth.
- Look up volunteer and career planning opportunities.
- Check out what's happening around the city for young people.
- Find information about summer camps.

If you're a parent or an adult working with a young person, invite youth to participate in exploring this resource – the best program for them will most often be a program they've helped pick.

## *Finding the right program*

Picking youth programs can be a challenge. As you research opportunities and services, there are two key questions to ask:

- Does this program reflect the interests and abilities of my child?
- Is this a high-quality program?

The first question can be answered through open conversations with your child and the program staff. The second question can be a little bit trickier. A high-quality program is safe, has a welcoming atmosphere, fosters positive interaction among youth and staff, and invites youth to make decisions and engage actively with program activities. These are all topics you can discuss with program staff or assess by visiting a program before you register.

***To find out more about this directory or to have your organization listed, please contact MCCOY at [info@mccoyouth.org](mailto:info@mccoyouth.org) or call 317.921.1266.***

Throughout this booklet, you will find symbols that denote the following:  
 = Handicap accessible    = Hires youth    = On or near a bus line

**CHILD CARE FINDER**

[secure.in.gov/apps/fssa/carefinder/index.html](http://secure.in.gov/apps/fssa/carefinder/index.html)

How to Find a Good Child Care: Only use licensed or registered child cares. Ask for a copy of the license/register. Count children to confirm. If there are more than 6 unrelated children, the day care MUST be licensed. Check state regs to see what type of health & safety practices are required. Check to see if it is in the Paths to Quality program that ranks day cares. Do they do background checks before hiring employees. Make sure you feel comfortable. Make unannounced visits & stay as long as you can. Ask who else will be in the home when children are there. Ask for current & past parent references. Use the state Carefinder website or IN Assoc for Child Care Resource & Referral 800.299-1627. Continuously re-evaluate. Use either or both of the next two referral organizations.

**ABC'S OF A JOB**

1. Start looking BEFORE school gets out.
2. Youth needs to call NOT mom, etc.
3. Dress appropriately for interview-clean clothes, NOT jeans/tshirt; NO GUM CHEWING; speak clearly & respectfully
4. If you decide you don't want the job LET THEM KNOW so they can find a replacement
5. Be at work ON time, EVERY day.
6. Do NOT use your cell phone when you are working. This is a responsibility.

Summer jobs can sometimes lead to school year jobs-think about the time you need to do your 1st job-SCHOOL & hours you can handle if you want to work part time.

While you can get a work permit at 14, many employers do not hire that young unless you are REALLY outstanding in presenting yourself.
